

NZBC Senior Club

What Not to expect in a club

When you play in a club situation with various levels of players, various age groups the management has the task of ensuring that everyone enjoys the game , get equal opportunity on court, get reasonable mixture of competitive games with higher, lower and similar grade players.

Some of the following is not feasible & practical.

1. Players wanting to play every game.
2. Players always expecting to play with same level or higher grade players.
3. Every night to have best games.
4. Expecting to move up the rank without wanting to play a trial game.
5. Arriving late and leaving early but expecting more games
6. Any special consideration to any individual needs.
7. Not wanting to play with any particular player.
8. Expecting the partner to play to your style or expectation.
9. Expecting the organisers to make informal assessment and move them in the rank.
10. Expecting to play with your own friends.

Every player or member is valuable regardless of their needs, levels, age , friendship .

Therefore please kindly fit into the system and guidelines which are set up for the overall benefits of all members. Feel free to recommend system to make it more efficient and improve it.

Help us to help everyone enjoy the awesome game
